

The Primal Code (Hardback)

By Ronald Simonar

Eventhor Media, United States, 2015. Hardback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.The art of understanding has been going to seed for ages; long lost in the fog of advanced mathematics. The Primal Code Theory deals with layers of unknown worlds far below the Planck constant. The Primal Code does not infringe on a Standard Model that is totally unaware of any hidden principles serving as its foundation; its painstakingly constructed mathematical model of particle physics, an irrefutable edifice of human ingenuity is unfortunately built on the wrong kind of quantum sand. The Primal Code is based on the behavior of a corporeal primal atom split out of zero with an adverse twin atom. It lays out a handful of principles on how and why a primal particle with no inherent internal qualities (except its relation to zero) can cause identical random splits. The primal atom is all there is. It has no energy in any sense of the word. By splits, it can proliferate and gather in clouds but, as the smallest Universal unit, it cannot project any external effect across a void. It does however have a...
