

## Simple Universe

By Ian Brewster, Ken Shiwram

Collector's Guide Publishing. Paperback. Book Condition: new. BRAND NEW, Simple Universe, Ian Brewster, Ken Shiwram, No one knows how the universe will end -- but we do have a pretty good idea how it started. Everyone is familiar with the 'Big Bang' theory, but most of us are a little vague as to the details. In a similar manner, we all know the name Albert Einstein; he's the one who invented Relativity, which we all know about, but are perhaps a little hard pressed to describe in any detail. This is a book for average people (that's you and me). We've all been led to believe that in order to understand science you need a high forehead and a shirt pocket full of writing implements. But, that's not really true. The book walks you through it, from atomic physics right through to astronomy, with colourful graphics and understandable text. The authors have shown us that the universe is indeed understandable (Einstein called it 'comprehensible', and we won't argue with him). Modern physics has undertaken a dedicated search for a theory that will knit relativity and quantum theory into one unified field theory. In other words, the search is on for...
