Brand New Book ***** Print on Demand *****.Description: This book illuminates the experiential and theocentric dimensions of holiness theology. It acknowledges two strands of thought in current holiness theology--Wesley's Christian perfection and entire sanctification as propagated in the early days of the American Holiness Movement. It honors the contribution of both these strands by identifying the deep harmony in the holiness message of John Wesley and Phineas Bresee. Using insights from Wesley and Bresee, the author develops a paradigm for holiness theology from the standpoint of its transcendent goal. Called into Communion explicates entire sanctification as revelatory and salvific, a necessary threshold experience for complete openness to God. This approach illuminates the rootedness of holiness theology in the triune fellowship of holy love. The communion perspective affirms holiness theology as the underlying theological principle for a missional ecclesiology since participation in God characterizes the church as a doxological fellowship of holy love and determines the church's redemptive action. Seminarians and pastors will find in this book a new perspective on the holiness message. It extends the horizon of reflection to the grace that seeks out and enables human partners for a transformative fellowship of genuine reciprocity with God. Endorsements: With a clear prophetic voice, knowledgeable of the nineteenth-century holiness distortions of Wesley's sophisticated theology, as well as its twenty-first-century correctives that plop down on a gradualism that caricatures Wesley's balanced and conjunctive theology, Susan Carole rightly raises several pointed questions that some of the most popular readings of Wesley's theology flatly ignore. This is a bold and badly needed courageous work. I highly recommend it. --Kenneth J. Collins, Professor of Wesley Studies and Historical Theology, Asbury Theological Seminary...
