

Machine Learning in Evolution Strategies

Filesize: 2.59 MB

Reviews

This book will never be easy to start on reading but quite exciting to see. It is actually rally intriguing throgh looking at period of time. Your daily life span will be convert once you total looking over this book.

(Torrance Vandervort)

MACHINE LEARNING IN EVOLUTION STRATEGIES

DOWNLOAD

Springer-Verlag Gmbh Jun 2016, 2016. Buch. Book Condition: Neu. 244x159x15 mm. Neuware - This book introduces numerous algorithmic hybridizations between both worlds that show how machine learning can improve and support evolution strategies. The set of methods comprises covariance matrix estimation, meta-modeling of fitness and constraint functions, dimensionality reduction for search and visualization of high-dimensional optimization processes, and clustering-based niching. After giving an introduction to evolution strategies and machine learning, the book builds the bridge between both worlds with an algorithmic and experimental perspective. Experiments mostly employ a (1+1)-ES and are implemented in Python using the machine learning library scikit-learn. The examples are conducted on typical benchmark problems illustrating algorithmic concepts and their experimental behavior. The book closes with a discussion of related lines of research. 124 pp. Englisch.
