Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Ulster Journal of Archaeology, Vol. 5 The view Of Carrickfergus given as a frontispiece to this volume is of unusual interest to the student of Irish history and archaeology, representing as it does the most important military town in Ulster in the reign of Henry VIII., or possibly earlier. The original drawing in the MS. department of the British Museum is in excellent preservation, though discoloured by age. It is an admirable example of pen-and-ink work, with light washes of colour, and measures 26 by 21 ins. The Museum Catalogue number is Cott. MS., Aug. 1, 11-42. So far as I have been able trace, this view has not previously been published in its entirety. A small portion near the upper margin, representing, The Freres, was given in a volume of the early issue of this journal, to illustrate an admirable paper on The Palace of Carrickfergus. The writer of that paper assigns the date of the original to about 1540, basing his opinion on the fact that the monasteries in Ireland were suppressed in 1537. The Freres was an establishment of Grey Friars, dating from the early half of the thirteenth century. After its suppression, the buildings became a government store-house, and was referred to in a later map as Late friars house, now a store-house for victuals. We next learn of it being in a possession of Lord-Deputy Chichester, who utterly demolished it, an in 1618 erected on its site his palatial residence - Joymount - a name still recognised in the portion of street adjoining. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This...
