Brand New Book ***** Print on Demand *****.Excerpt from The Bible and Its Readers It is probable the impression that the Bible teaches contradictions, is wider and deeper than the facts warrant. If so, preachers themselves, and scientists, are largely to blame. Preachers too often think they infallibly know the teachings of the Bible, while scientists too often think they infallibly know the teachings of the Bible and of science also. These are large subjects, and it may not be deemed harsh for me to intimate that there is room for mistake in these matters. Of course, every thinking person will admit that he entertains some erroneous belief. No really sane man believes he is infallible.
