

The Geographical Tradition: Episodes in the History of a Contested Enterprise

Filesize: 5.85 MB

Reviews

An extremely great ebook with lucid and perfect explanations. It is full of knowledge and wisdom Its been printed in an exceedingly straightforward way in fact it is merely right after i finished reading through this publication by which really transformed me, alter the way i believe.
(Spencer Fritsch)

Wiley-Blackwell, 1993. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: "A major piece of work. Not since reading Glacken's *Traces on the Rhodian Shore* have I read a book on the history of geography that was equally bold in its ambition and erudite in supporting its claims." John A. Agnew, Syracuse University "He approaches five centuries of geographical work with zest, sympathy, catholicity and (not infrequently) irreverence in an easy style that grinds no particular axe. The reader is shown a kaleidoscope of the different motives, contexts and spirit of those who have taken part in this wide-ranging quest for knowledge. Highly readable, and recommended to all students of the history of geography and of science in general." David Hooson, University of California at Berkeley "Superb . a real winner. A fine and well-written book that will become the core of all courses and seminars in the history and philosophy of our field." Peter R. Gould, Pennsylvania State University "It is clear that *The Geographical Tradition* is a tour-de-force. I congratulate you on a major achievement . the best thing to come through my in-tray for many months." Peter Haggett, University of Bristol "Livingstone . writes in a lively style, through which the depth of his scholarship shines brightly . Each chapter . is a gem: well-written, based on wide reading, and informative about both the particular subject-matter and the book's general theme. An excellent book . which will surely stand the test of time as a major contribution to the history and historiography of geography." *The Times Higher Education Supplement* "David Livingstone's book is an outstanding achievement, a scholarly tour de force unmatched in previous writing on the history and philosophy of geography as a distinct form of knowledge. The scope of his project is so...
